

Good identifiers for future diagnosis. Great hand-out with approachable experts who had top tips.
Very thought-provoking!
Loads of good ideas, whether your child is dyslexic or not.
Thank you so much! This was very useful and interesting.

I definitely recommend this to other parents because it has given me confidence to help Tyler out, as I really struggled when he was younger. The new ideas are really helpful.

One of the best workshops I've been to! It was very informative and educational.
I would very much recommend other parents attend this workshop even if they don't have dyslexic children.
Fantastic delivery!
