

PE Premium 2016-2017

PE and Sport at George Tomlinson Primary School

Our school aim is to encourage children to think for themselves; guide them towards acting in the best interests of us all. We try to ensure that every area of our school's curriculum helps to achieve this aim, including PE.

Physical Education at George Tomlinson enables all children to develop and apply physical and creative skills alongside a knowledge and understanding of health and fitness to achieve personal progress and personal best. Children will develop their agility, balance, coordination and the fundamental movement and sports skills as well as healthy competition and cooperative learning to lead a healthier and active lifestyle. They will also have the opportunity to achieve and have fun!

Our PE Curriculum will provide all children with:

- Two hours of high quality core physical education each week during curriculum time;
- An opportunity to attend extra-curricular clubs each half term
- Swimming lessons in year 5
- The knowledge and understanding to lead an active healthier lifestyle
- The opportunity to regularly compete in intra-school competition.
- The opportunity to lead and coach at sporting events within George Tomlinson

It will provide some children with:

- The opportunity to compete in inter-school competition
- Participation in a Young Sports Leader programme
- The opportunity to act as Sports Ambassadors leading and organizing competitions and mini sports events
- Access to gifted and talented clubs and programmes in the local area

At George Tomlinson we employ specialist PE staff to deliver, team teach and support teachers.

PE and Sports Premium

This extra funding is being allocated directly to primary schools from the government.

The purpose of the funding is to:

- raise teachers' skills in teaching PE;
- involve qualified sports coaches in PE lessons;
- improve PE and sports resources in schools;
- run sports competitions and increase participation in Schools Games;
- support and involve the least active children in sports and holiday club.

This year George Tomlinson will receive just over £10 000 in additional PE Premium funding.

The school already allocates funds for specialist PE staff and coaches, swimming lessons. As well as the above, additional funding from the PE premium has already or will be spent in the following ways:

Item	Cost	Objective	Outcome
Specialist PE staff	£2,500	<p>To work alongside class teachers to develop the confidence, enthusiasm and ability to teach PE.</p> <p>To train and provide support teachers in PE.</p> <p>To review and assess the standard of teaching of PE in the school.</p> <p>To provide opportunities for all children to access and to participate in sports, both for enjoyment and competitively.</p> <p>To train and monitor the use of lunchtime supervisors to engage all children (whole school) in physical activities and</p>	<p>Raising the standard of teaching and learning in PE through modelling lessons, team teaching and lesson observation.</p> <p>Liaising and discussion with children/school council/sports' leaders for feedback regarding PE and Sports within the school.</p> <p>Liaising and discussion with members of staff for feedback regarding PE and Sports within the school.</p> <p>Monitoring the participating of children in clubs and</p>

		<p>games.</p> <p>Focussed teaching specific sports/games.</p> <p>Extra-curricular activities</p>	<p>competitions/events.</p> <p>Enhanced learning and greater participation in extra-curricular activities. Targeted children - Able and least active.</p>

Total;	£10,475		

Increasing Participation

There is evidence of increased participation in extra-curricular sports clubs with a wider variety of clubs on offer every day, before, after school and lunchtimes. EVERY child has the opportunity to attend extra-curricular clubs. We offer a variety of clubs for all ages and run clubs for gifted and talented, targeted groups and a Change 4 Life club. The uptake of the sports clubs is extremely high and has waiting lists for the next half term. The enthusiasm of the children when taking part in clubs, Inter school and Intra school competitions is huge. Host sports competitions with other schools in the Borough.

Professional Learning

Our Specialist PE staff and coordinators participate in focussed training days as part of the Schools Sport Network and the Youth Sports Trust. These enhance their skills, knowledge and understanding of PE/sports, competitions and leading a healthy lifestyle. Further participation in professional developmental courses such as Create Development, realPE, Bupa Start to Move, Matalan and Athletics has been highly beneficial. This staff training is helping children to become more assertive and aware of their physical capabilities, their strengths and weaknesses. They can identify how to improve on their personal best and are taking positive steps towards coaching their peers on developing one another's skills.

Equipment

Specialist equipment has been purchased to enhance PE/sports lessons throughout the school. This aims to provide the children with new opportunities to try out a range of activities and to learn and develop new skills - the popularity of the table tennis club and the rapid progress in the skills on display show what impact new equipment can have. Also the MUGA is highly popular with all children at George Tomlinson.

Community Links

We have links with clubs in the Borough to help guide and show pathways for talented children to develop and excel in their potential.

Change4Life Club

Inactive children and non-participants have been targeted to join Change4life clubs during lunchtimes with fun and focussed activities with the support and enthusiasm of our Sports prefects and captains.

Additional expenditure

In addition to the above, the school has planned for further expenditure on the following:

Mini bus hire- To take the children out of school to competitions and events with ease.

Change4Life activities and community workshops - to develop a greater understanding of healthy lifestyles

Intensive block swimming -We aim to give children in year 2 and 3 an intense swimming block for 2 whole weeks. Children will swim daily for an hour. This gives children the

opportunity to learn this life skill and to prepare them and build their confidence for swimming in year 5.
